

"Breathe"
(remix of moist)

Save
Save me from this
Wandered 'round the town
All the thousand things
I might miss

And you
Think we'll suffer much
Think we'll close our eyes
Just to see the light
Pass us by

If only I could breathe
What you breathe
If only I could see
What you see

So sit
We'll take our time
Watching the flowers grow
All the friends we've known
Say goodbye

And you
Think we'll suffer much
Did you close your eyes
Just to see the night
Rush on by?

If only I could breathe
What you breathe
If only I could see
What you've seen

"I Need Recalibrate"

Done before.
And now we try to forge ourselves.
I'll be, true again.

"Keep On Walking"
(remix of somasonic)

Passing time
Slipping down my windowpane
Half alive
On the crust of what you've given me

And I feel it now-
The weight of the years
On my shoulders

On the sly
I have gathered all your words
Seeking rhyme
I am falling in my shoes

Well, it's critical
That you know who I am
That I'm still breathing

Well, I could hide
In the shade of your smile
I could wrap you 'round me
Like a blanket of lies

Just keep on walking

"Soft Focus"

Wonder everyday
And darling
I can see you
When I close my eyes
And in my dreams
You're always there
Darling you remember
The days we would spend
And happy the place
I could take you there

"Supermarket Majorettes"

Dollar signs...

"Sweets for the Sweet"

Check it out
Here's how it goes
It's like herds and pastures
Try to overcome your speech defects

"The Ishness"

You're too beautiful not to be free
And a butterfly, and a child of the sky
And a Lucy, man
And just be up there with everything
